

DUNHAM HILL AND HAPSFORD PARISH COUNCIL RISK ASSESSMENT POLICY

Background and Aims

The Government's Modernising Agenda provides such processes as Quality Councils and creating new leadership structures. In addition the local council audit seeks to address issues by placing emphasis on local councils strengthening their own corporate governance arrangements, improving their stewardship of public funds and providing assurance to taxpayers.

The Risk Assessment Policy is the method by which Dunham Hill and Hapsford Parish Council will carry out its obligation of risk assessment of any structures or other property or equipment which may cause injury to a danger to the general public, Council staff and Members.

Risk Management is also about financial management, internal controls and adequacy of insurance cover in order that the Parish Council may achieve its objectives to deliver high quality public service. Failure to manage risks effectively can be expensive in terms of litigation and reputation and the ability to achieve desired targets.
