The Chair opened the meeting by welcoming everyone in attendance, it was explained that the Parish Meeting is not a Parish Council Meeting.

The purpose of the Parish Meeting is to allow residents of the parish to report or raise any issues they wished and for local community groups to be given the opportunity to provide reports on what they have achieved in the last 12 months and what they hope to accomplish in the next 12 months.

The Chair provided a written Annual Report of the Parish Council's activities for the Parish Meeting's information.

A resident highlighted on the annual report that the Parish Council had prepared was missing information about the SID machine that it owns and regularly uses.

The resident reported that he would like to see Talbot Road and Dunham Hill village joined to working more closely together and the only way he believed that this would be possible would be to have a pedestrian crossing to link the two sites together.

The resident highlighted that he had read the CWaC Local Plan and could not find any evidence that the site at the Wheatsheaf should not be solely an affordable housing site; he felt that the site should include some market housing.

The Chair thanking all in attendance and closed the meeting.

A copy of the Annual Report can be found on the Parish Council's website.

Meeting closed at: 7.17pm
